 Yes No

Would you like to save these options as your defaults for future assignments?
 Yes No

8. Once you have adjusted your settings students will be able to begin submitting papers. These papers will appear under the **Assignment Inbox** tab.

Accessing student papers

The screenshot shows the Turnitin Assignment Inbox interface. At the top, there are tabs for "Assignment Inbox" and "Settings", and a "Helpdesk" link. Below this is a search bar and two download buttons: "Download All" and "Download Selected". A table lists assignments with columns for "Author", "Paper Title", "Paper ID", "Uploaded", "Grade", and "%". One assignment is visible: "Moodle Oodletest2" by "Turnitin Assignment", with Paper ID "827968157", uploaded on "Jun 28th 2017, 10:56 AM", and a grade of "21%".

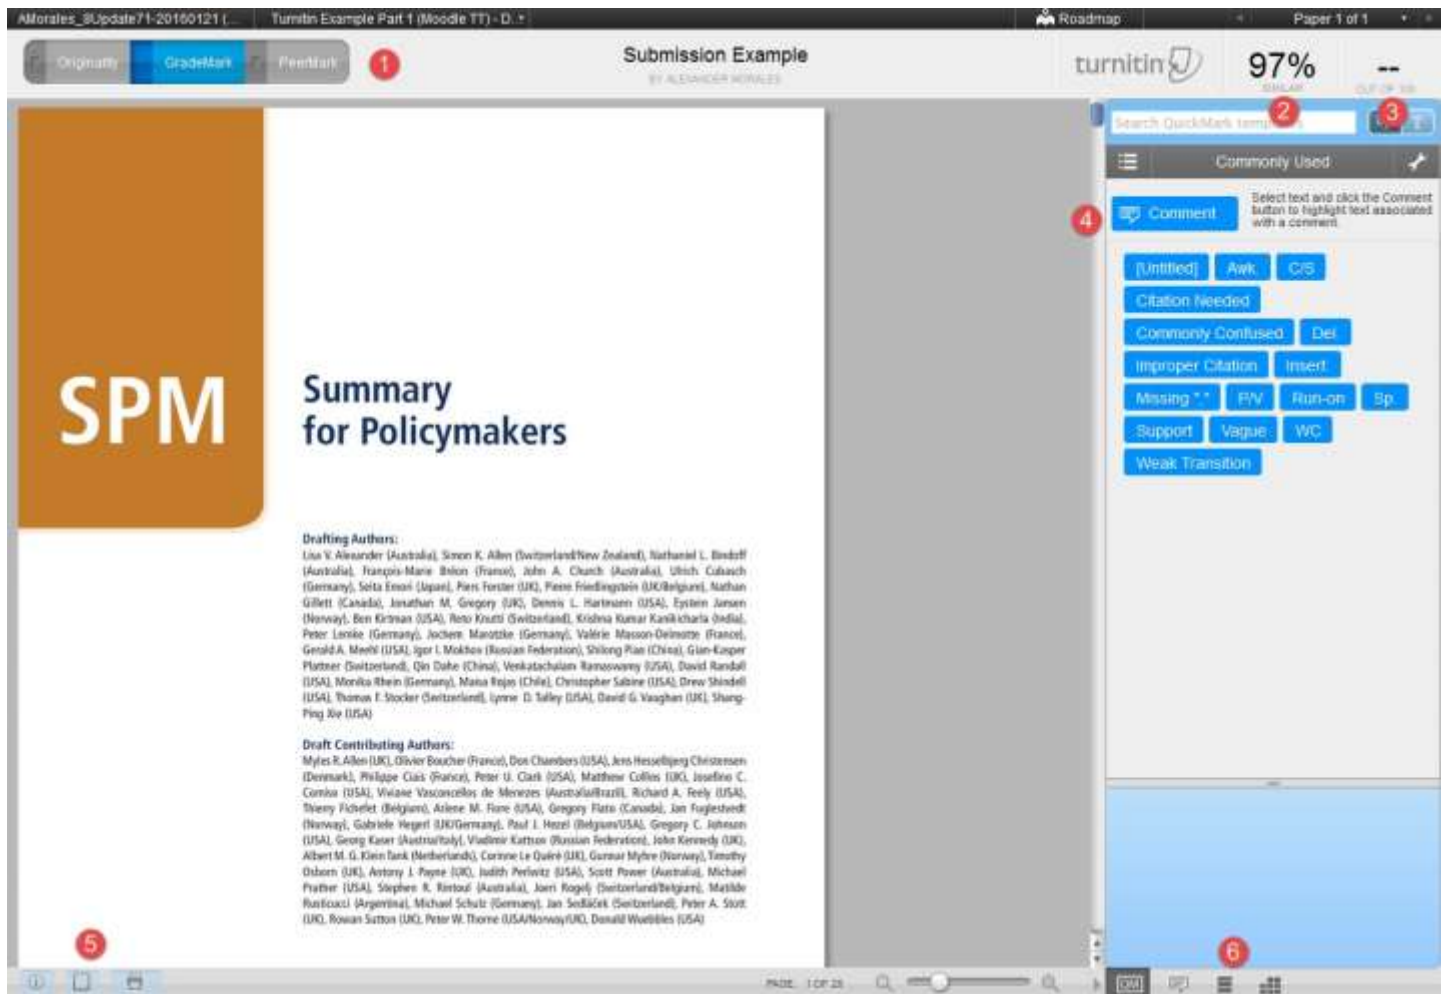

From this **Assignment Inbox** you can click on title of the paper, the pencil icon, or the originality percentage in order to open the Turnitin Viewer.

The screenshot shows the Turnitin Document Viewer interface. The document title is "Untitled" by "HENRY ACEVEDO". The originality percentage is "34%". A red arrow points to the "PeerMark" tab in the top navigation bar. The main content area displays a document titled "Moodle Mentor" from Cal State LA. The document content includes a navigation menu, contact information for Moodle Mentors, and a section titled "1. MOODLE MENTOR – landing page" with an overview and a "What is Moodle" section. On the right side, there is a "Match Overview" panel listing 11 matches with their respective percentages: 1. www.qa.ivytech.edu (8%), 2. www.harperdot.net (7%), 3. www.bndalrose.com (2%), 4. www.fcit.ucf.edu (2%), 5. www.isothermal.edu (2%), 6. Submitted to Pasaden... (2%), 7. www.cabrillo.edu (2%), 8. ivytech.edu (1%), 9. Submitted to Grand Ca... (1%), 10. 134.71.177.148 (1%), 11. www.cu-portland.com (1%).

From here you can use **Originality** to view any matches to content found in the paper. You can view the material as well as the sources for the match. You can also use the **GradeMark** section in order to provide comments and grade the paper with new or premade markings. If you want to give the paper a score you can click on "--" on the top right and it will allow you to grade the student.

Grading Student Papers

You can view and grade any submission by clicking on the name of the submission or clicking on the blue pencil icon on the right-hand side of the submission. Turnitin automatically saves any comments and grades you add.

1. Originality/GradeMark/PeerMark tabs.
2. Similarity Percentage.
3. Grade (Click to type in grade and press enter).
4. Comments (drag onto submission to add).
 - You may also create your own comments by clicking on the **Comment** button.
5. Submission info/iPad Access/Download submission.

6. Comment options and Rubric

From here you can use **Originality** tab to view any matches to content found in the paper. You can view the material as well as the sources for the match. You can also use the **GradeMark** tab in order to provide comments and grade the paper with new or premade markings. If you want to give the paper a score you can click on "--" on the top right and it will allow you to grade the student, it will immediately save after you press **Enter**.
