New Housing Construction Updates
Construction for Student Housing East (SHE) is underway on the Eastside of Phase I and Lots 7 and 7a. The new buildings will incorporate traditional-style housing for first-year and sophomore students. Students are able to view updates regarding construction and noise, photos of the construction progressions, any service interruptions that may affect the community, and information on where and how to report an issue related to the ongoing construction.

Residents who live in Phase I, Eastside and face parking lot 7A, please keep your windows, blinds and sliding doors closed to prevent dust and minimize noise from entering your apartments.

At this time, you can expect high noise levels due to jack hammering and breaking concrete. For your safety, do not move or cross any barricades.

Construction and progress updates are available on the Constructions Updates webpage.

If you have any questions, please stop by the Housing Office or call (323) 343-4800.
Plan To Have Guests Over?
Your apartment is a shared living space, which requires roommates and housemates to agree on standards for visitors and overnight guests. There are limits to the number of guests you may have and how long they can stay, which is outlined in the Student Guide on pages 14–15.

New Roommates Are Still Moving In
If there is a vacant space in your apartment it is more than likely you will be welcoming a new roommate for the Spring. Please keep all vacant spaces clean and clear, make room in shared areas such as kitchens, bathrooms, storage rooms and closets.
