Immunization Requirements for New Students

If you are enrolled through College of Extended Studies and International Programs (CESIP) or English Language Program (ELP) please refer to and complete the Health Requirements form for International Students. This form can be obtained from the appropriate program office, the Student Health Center (SHC), or from the SHC's website.

BE IMMUNIZED OR FIND YOUR IMMUNIZATION RECORDS AS SOON AS POSSIBLE. A registration hold will be placed on all new students who do not complete this requirement prior to registering for a second semester. This will limit access to the GET system and may cause considerable delay in your ability to register for classes.

Please Note: Review and processing of your records to remove a hold can take up to five working days.
